

Your Guarantee of Performance

May 2009

Words from the Executive Director

It is hard to believe that May is already upon us. This month the AWA will present at the HIA Home and Building Show and DesignBUILD to sell the message of efficient windows and their compliance and installation. We are also attending meetings at the state and federal levels to identify opportunities for AWA members to supply into the significant buildings program under the stimulus packages announced earlier this year.

I, and the AWA team, are looking forward to welcoming you to your 2009 conference in Adelaide in August. Both the business and social events are designed to "create the vision" for our future efficient and sustainable products with a little help from our key stakeholders, the designers, energy raters and certifiers.

Tracey Gramlick

AWA Key Message - Fall Prevention

BCA Volume Two requires a balustrade or other barrier to be provided where it is possible for a person to fall through an openable window from a floor or the like that is more than 4 m above the surface beneath.

For BCA 2009, **3.9.2.3 Balustrades or other barrier construction** was amended by adding (a) (ii) (c) to specify a height for the balustrade or other barrier at an openable window of 865 mm for consistency with the similar provision in Volume One. Prior to this change, the height of the balustrade or other barrier at these locations was 1 m.

To aid in this the AWA has developed this Key Message that is available to in the **Key Messages** page of the [Member's Only Section](#).

AWA National Conference & Exhibition 2009

The AWA invites you to attend the **AWA National Conference & Exhibition** at the Adelaide Convention Centre, **10th-12th August 2009**

A friendly reminder that *Early Bird Registration* for Conference closes **Friday 22nd May** - so make sure you get your registrations in.

Take this opportunity to catch up with friends and meet new colleagues. See window-specific displays that showcase the latest innovations within the industry. Listen to feature presentations on a diverse range of issues and topics that impact your business.

AWA Updates

Special Industry Meeting - Mackay

While the "recession" has created a lot of pain, it has also had a positive effect in that with the AU dollar dropping, so has the flood of non-compliant, cheap windows coming in from overseas.

Your views and support are very much sought.

No cost but registration essential

Thursday 25th June 2009

Mackay Grande Suites
9 Gregory Street, Mackay

AWA Members - 1.30pm-3.00pm

Industry - 3.30pm-5.00pm

Level 1 Training - 2nd Training Session open for Registration

Due to its success and high level of popularity - reaching registration capacity in short period of time - a second **Level 1 Training** will be held in Melbourne, VIC on the **7th-8th July, 2009**.

For regular updates visit the [News Section](#).

Industry Updates
